Honor Systems Investigated

The work of investigating the feasibility of an honor system at Ursinus is being continued this year by the Honor System Committee under the chairmanship of Dave McLaughlin. Whether for or against the honor system, the members of the committee feel it is their duty to investigate and present a clear organization of such a system to the student body in order that it may judge for itself.

This then is their main purpose—the formulation, on paper, of a workable honor system which will be submitted to students and faculty in order that they may judge whether or not they want it.

In order to obtain ideas as to just what type of a system should be set up, letters have been written requesting data from schools which are already operating under the honor system. Also, these schools have been asked to include what degree of success the system is enjoying.

In the general discussion at the first meeting, it was decided to divide the honor system problem into two aspects—social and academic. The social aspect involves dormitory rules, and the academic aspect involves classroom rules (tests, files, etc.). Each aspect will be dealt with separately in order to provide full attention to both. At the moment the committee is working on rules, regulations, and penalties concerning girls' dormitories.

The committee members are all delegates on the MSGA or WSGA. They include Robin Blood, Nancy Lewis, Helen Stevenson, Terry German, and chairman McLaughlin.

Important Selective Service Regulations

To All Students Subject to Draft:

If you are of draft age and have not yet taken the College Qualification test it is important that you arrange to do so when it is next given on December 9, 1954. You may not take the test unless you have filed an application with your Selective Service Board. It will be necessary for you to obtain the application from your Board. Please attend to this within the next week.

It is very important that you should know the Selective Service Regulations and that you should take each of the following steps if you wish to qualify for deferment under the law:

1. Notify the Dean's Office of your Selective Service number and the number and address of your Local Board. This should be done when you attain your eighteenth birthday and register for the draft.
2. Every student is entitled to statutory deferment for one year (Class I-S).
3. Second year students and other upper classmen may claim further deferment in Class II-S if they have fulfilled the following conditions:
 - (a) Made grades at College which placed them in the upper half of the freshman class, in the upper two-thirds of the sophomore class, and in the upper three-quarters of the junior class.
 - (b) Attained a score of 70 or more on the College Qualification test.
4. The results of the College Qualification tests are only available to the student himself on application to his own Local Board. Each student should obtain this information from his Board and file it in the Dean's Office.
5. On the basis of the student's record the Dean's Office will send to every Local Board, about July 1, 1955, Form 109 which establishes a right to appeal.
6. Every student should notify the Dean immediately of any change in his classification. If an appeal is in order, the Dean will make it.

ORDER YOUR 1955 RUBY

The 1955 Ruby dorm representatives urge that yearbooks be ordered now to avoid the last minute rush.

BLOODMOBILE

Red Cross Bloodmobile will be at Trinity Church between 1 and 6:30 p.m. on Monday, November 29. The Bloodmobile is sponsored by the Social Responsibility Commission of the Y. Bill White and Joan Kutzer are in charge of the program which will be administered through dormitory representatives. The bloodmobile has been a great success at Ursinus in previous years.

FTA Hears Talk on Business and Youth

Mr. T. Allen Glenn, President of People's National Bank in Norristown, spoke at the monthly meeting of Future Teachers of America Tuesday evening, November 8, at 8 o'clock in room 7 of Bomberger. Mr. Glenn's topic was "What A Businessman Expects from A Teacher."

Mr. Glenn began his talk by defining the term businessman as "anyone who is interested in the production or selling of goods to the community or services to the community." Business is interested in youth because it is the raw material from which is built the American citizenry of tomorrow. Business is interested in the citizenry of tomorrow for three reasons: 1) the citizen is the market for goods or services which the businessman produces or sells tomorrow; 2) citizens are the source from which the businessman gets his employees; 3) the youth of today will be the leaders of the American government tomorrow. Concerning the last point, Mr. Glenn believes that the degree of intelligence of the youth today will determine the type of government America will have tomorrow.

The emphasis of the talk was directed to second point above—citizens are the source from which a businessman gets employees. In the development of employees the teacher should do two things—train the youth, that is teaching by drill, and teach the youth, that is by example. Training would include learning the three R's, clearness and legibility of expression, sense of thoroughness, initiative, sense of responsibility, realization and respect for rights of others, and the development of the art of getting along with other people.

Teaching by example would include four goals—"fair play," "honesty is the best policy," respect for the Christian way of life, and respect for the American traditions.

Mr. Glenn concluded his talk by remarking that a teacher has to be educated and inspired. A teacher must believe in his principles and try to live his life as an example to the youth of today, or the leaders of tomorrow.

Ethel Lutz '55, local FTA president, announced that there will be no December meeting due to the short time which the college will be in session during this month.

Lantern Staff Adds Member; First Issue Due in December

Hal Smith '55, Editor of the *Lantern*, the college magazine, today announced the election of George Paufl '55 to the Editorial Staff of the journal. This election fills all twelve of the positions on the editorial staff for 1954-55; however, positions on the General staff, art staff and business staff will remain open for all those interested for the entire academic year. In order to secure a position on the *Lantern*, contact the Editor.

The Fall issue of the journal is scheduled to appear during the second week in December. The second issue is due to appear in March, and all those who can write are urged to place their contributions in the box at the desk in the library. The *Lantern* will only be as good as the people on the campus make it.

BIG SISTERS HOLD PARTY

The annual Big-Little Sister party was held Monday evening, November 8, in the recreation center.

Pat Burns was in charge of the entertainment. Games were played and prizes were awarded. Ice cream and pretzels were served. The party was sponsored by WSGA.

"January 16th" Case to Begin; Murder, Suicide Cause of Death?

Dick Hector, left, and Dot Patterson will star in the fall production of the Curtain Club, *Night of January 16th*, which will be presented on the nights of November 18, 19, and 20.

Rec Center, Library — MSGA Problems; Constitution Revision to Be Voted on

At the meeting of November 8, Lee Lawhead, representing the campus affairs commission of the Y, presented a report to the MSGA on the many cases of breakage in the recreation center, which is maintained by the "Y". Light bulbs, windows and countless ping-pong balls have been needlessly broken. Unless the breakage is discontinued, the "Y" may have to close the "Rec Center". Any student found to have broken school property intentionally will be subject to action by the MSGA.

Also, the problem of noise in the library is still acute. The MSGA is backing the librarians completely in an all-out drive to keep the library quiet and suitable for studying.

A report was made by Dave McLaughlin on the progress of the

Forum Enjoys Talk; Trinidad is Topic

The forums this year will be well worth attending if the second one held on November 10 is any indication of what is to follow. Dr. Lionel Mapp, holder of numerous degrees and honors spoke on "Trinidad: Medical and Ethnic". He spoke of the history of Trinidad, and discussed the resources of Trinidad, the medical aspects, and the ethnic composition.

Dr. Mapp said he was nervous, since, although he had addressed groups before this was his first group of college students. Despite his nervousness and his statement that he felt weak in the history department, Dr. Mapp presented a lecture any professor would do well to emulate.

Of particular interest was his analysis of the medical situation in Trinidad, which like that of rural areas of other countries is rather bad. There is only one doctor for every 4,000 people, which is far from the standard necessary for the good of national health. Dr. Mapp urges Ursinus pre-med students to specialize, and go to the backward areas where they are needed, but to remember that progress is constantly being made, so they should return for refresher courses at regular intervals.

Unfortunately the time for the close of the forum came before Dr. Mapp had related some of his most interesting experiences in dealing with leprosy research in Hawaii.

This forum shows that the Forum Committee is endeavoring to present a varied program. Students should make an effort to attend. The coming forums include Dr. English, a psychiatrist, and a speaker who will present first hand information on the attitudes and ideas of college students in Germany.

Honor System Committee. Letters have been sent to schools having honor systems requesting information. Faculty members are being interviewed as to their opinion and suggestions on the subject. Work has been started on girls' dormitory rules. The committee hopes to have a completed plan for an academic and social honor system by the end of the year.

An open meeting will be held next Monday night at a place yet to be decided. The meeting will be dedicated to a discussion of the new voting procedure proposed by Jack Westerhoff. Following the discussion period, everyone present will be asked to vote on the plan, and if passed by two-thirds of those present the procedure will be written into the constitution. This new procedure is a matter which directly affects each student in the school, for it will determine the method of electing your class and student government officers. Every student should be interested, and all are invited to attend.

(Continued on page 4)

Chi Alpha Plans Christmas Candlelight Communion

Reverend Alfred L. Creager spoke to the Chi Alpha Society at the regular monthly meeting held in room 2 of Bomberger last Monday evening at 7 o'clock. Reverend Creager discussed the marriage ceremony. In this discussion he took each vow separately and stated the true meaning of the promises given in the marriage ceremony. There was an informal discussion after the speech. Reverend Creager related amusing wedding incidents from experiences in his ministry.

Moderator Jack Aregood who presided at this meeting, appointed committees to plan the annual Christmas Candlelight Communion to be held Thursday, December 9, in Bomberger Chapel.

FRENCH MUSIC TREAT TONIGHT

Tonight at 7:30 p.m., the French club is presenting a musical in the West Music Room of Bomberger. For the occasion the room will be decorated in French cabaret style.

The program will include a medley of French folk songs sung by a quartet consisting of Dr. Helen Garrett, Fayne Elssesser, Irene Kelly and Misty Mistovich, several arias from Carmen sung by John Guarnieri, and a duet, "Je Cherche Quelqu'un" or "Wanting You", by Fayne Elssesser and Mary Gillespie. In addition Irene Kelly will play several selections on the auto harp.

The French Club invites everyone, French students or not, to attend.

Victim's wife still missing. Karen Andre to testify on stand this Wednesday.

At long last the facts concerning the *Night of January 16th* are to be revealed to the public. What actually did happen that fateful night when so many lives were disrupted? Did Karen Andre commit murder? Who was in the black sedan parked outside the Faulkner Building? Why was Faulkner murdered, or did he commit suicide? Was there any "business connections" with any of the witnesses? These are some of the questions that will be answered when the Curtain Club presents *Night of January 16th* at 8:30 p.m. on November 19th and 20th.

It has been a long drawn-out process summoning witnesses to testify and reveal their knowledge of the strange and mysterious facts which surround this fateful night. Homer Van Fleet (John Stout), private detective, was following the murder victim the night he was killed. Mrs. John Hutchins (Tommy Thompson) was cleaning the Faulkner Building offices and claims she saw the victim and two other men enter the building and go up to Karen Andre's apartment. Does she know the identity of the last person who was with Bjorn Faulkner before he was found dead?

Mrs. Nancy Lee Faulkner (Mary Jo Turtzo) widow of the deceased mysteriously disappeared a few days after the funeral. There is no information available as to her whereabouts and both District Attorney Flint (Dick Hector) and Defense Attorney Stevens (Frank Brown) are gravely concerned with what has happened to her. Mr. John G. Whitefield (John Polto) has also disappeared with his daughter, Mrs. Faulkner. It is presumed that both of them may have valuable information pertaining to

(Continued on page 4)

Dr. Oblad Addresses Beardwood Society

Dr. A. G. Oblad of the Houdry Process Corporation spoke to the Beardwood Chemical Society Monday night, November 1, on the subject "New Developments in Catalytic Chemistry." Dr. Oblad told the group that catalysis is not a separate specialized field as many believe, but is a part of the chemistry of surfaces. The catalytic division of chemistry is about 125 years old, the beginning being made when Dobereiner discovered the effect of manganese dioxide on the liberation of oxygen from potassium chlorate. Berzelius gave us the name "catalysis" which comes from the Greek word meaning "loosens".

A catalyst provides the means by which a reaction may take place; it is the mechanism which makes possible a reaction having a potentially correct energy change. There are two divisions of catalytic chemistry, homogeneous catalysis and heterogeneous catalysis. In the former, action takes place between molecules all of the same phase; in the latter, the action is between molecules of two different phases. Heterogeneous catalysts include metals (usually transition elements), metallic oxides such as those of chromium, iron, cobalt, zinc, and vanadium, and insulators such as strong acids. One of the most important of the industrial catalysts at the present is silica alumina.

The Houdry catalytic cracking process was first used in 1936 by the Socony Vacuum Oil Co. The second unit was put into operation by the Sun Oil Co. Catalytic cracking enables higher octane numbers and a greater percentage yield of gasoline. Among the newer uses for catalysts are anti-enzyme toothpastes and enzyme poisons destined for bacteriological warfare.

Following Dr. Oblad's address there was a short discussion period after which the meeting was adjourned.

WEEKLY PUBLICATION SCHEDULE

The Ursinus Weekly will appear on the following dates for the remainder of its schedule: December 6; 1955—January 10, 17; February 14, 21, 28; March 7, 14, 21; April 18, 25; May 2, 9, 16, 23; June 6.

for a bird
of a trip...

go Home
by TRAIN!

Beats the stuffing out of other transportation! Storms can't cancel your trip. Traffic jams can't make you miss vacation dates, or get you back to the campus late. And it's more fun traveling by train with your crowd, enjoying swell dining car meals en route.

Save 25% or More

And this is gravy! Travel home and back with two or more friends on Group Coach Tickets. On most trips of 100 miles or more, you each save 25% of usual round-trip rate. Still better, gather 25 or more to travel long-distance together on the same homeward train. Then return singly or together, and each save 28% of the regular coach round-trip fare.*

Handel's Messiah
To Be Presented
December 2

On Thursday night, December 2, the combined musical organizations of Ursinus College will present the 17th annual rendition of George Frederick Handel's *The Messiah*.

This year the chorus is larger than ever before, having well over two hundred voices. The chorus has been rehearsing since the early weeks of the school term, and the director, Dr. William Phillip, has molded those two hundred odd voices into a unit that promises to develop into the very finest *Messiah* chorus to date.

As in previous years, the solo parts will be very capably sung by professional soloists, and the chorus will be backed by an orchestra composed of members of the Philadelphia Orchestra, and supplemented by student members.

So, for an evening of really inspiring music, attend the 17th annual presentation of *The Messiah* Thursday night, December 2. Tickets can be purchased from any member of the chorus, or, for parents and friends outside the school, by contacting the school.

OBSERVATION ON HONOR
SYSTEM PLANS

The student body has recently been subjected to a rash of rumors concerning the proposed honor system at Ursinus. We want to particularly emphasize the word, **PROPOSED**. There is no factual truth in the rumor that an honor system will be put into effect this year, or for that matter within the next several years.

The WSGA and MSGA, working in close conjunction with various members of the faculty, have made progress toward a plan for an honor system, but it must be remembered that to change the entire system of rules and regulations of a college is a tremendous undertaking. This change is not one that can be performed in a matter of a few months, but will take several years of careful preparation before it can be presented to the student body for approval.

Committees from both the MSGA and WSGA have been in contact with other colleges such as Haverford, William and Mary, John Hopkins, and West Point where honor systems have been in effect for some time. The committees are attempting to gain an overall picture of the advantages and disadvantages of the various honor systems now in use. In this way, the proposed honor system that will be presented to the Ursinus students will be a composite of the best points of several systems that have withstood the test of time and student conformation.

Various faculty members have voiced their opinions on the honor system and the committees are aware of faculty opinion as well as student opinion. It is not the time, at present, to approve or condemn an honor system. It will be several years before our honor system evolves to a working stage. It is not the duty of the present student government to install an honor system, but only to lay the foundation for successive progress in the coming years.

Abstractly Speaking

by Dave Garlich '55

In the vein of pure criticism of outstanding literary achievements I would like to offer this critique of "Deep Passion". The outstanding merit of this work is its strong character development which poses a situation in which two people are caught on the brink of human despair. This situation is often referred to as being "out of it," or complete nothingness.

The setting of this tumultuous saga, reminiscent of *Tobacco Road*, is obviously the ancient salt water baths of Rome where the fishy brine is sprayed through cracks in the aqueduct. It is here that we are introduced to Arnold, a man of true "Esquirean" tastes, as evidenced by the "greetings" which he brings. Although it is not mentioned in the context his "greetings" were a bottle of "Cognac" which it is natural to place before the fire for the purpose of warming its sweet essence. By reading further you can also see that Cynthia prefers her "Cognac" warm—obviously a very adventurous young woman.

The final business about the warming of his chest, is Arnold's clever way of telling Cynthia that he holds her in high esteem. Note the subtle reserve of his pleadings. But, at this point, the author maintains great literary dignity and leaves the closing phase of his story unwritten and thus avoids the sham and degradation of the usual Mickey Spillane ending.

The shame of this story is that its whole message is so rare that it may stay out of print for years.

FRESHMEN MEN ELECT REDDEN, BLOOD TO MSGA POSITIONS

The freshmen men and women met separately to discuss current items of business on Thursday night, November 11.

The men chose Hal Redden and Richard Blood as representatives to the MSGA. The women will choose their WSGA representative next semester.

The women, who met in the day study, heard Joan Fisher, President of the WSGA, explain the annual Christmas banquet to be held on December 8. Mary Schulz and Connie Bates were elected as co-chairmen of the decoration committee for this dinner.

DEEP PASSION . . .

"You know," Arnold said, "long after you left my room last week your smile remained with me."

"How was that?" Cynthia asked, scratching her back on the Gingko tree growing in the corner.

"You left your false teeth on the window sill" he said gnawing lovingly on Cynthia's tame alligator.

Arnold was about to embrace Cynthia, when a thunder-clap sounded at the door. The door crumbled to toothpicks and there stood—

LAST GAME FOR SENIOR GRIDDEES—Kneeling, from left to right, are team captain **KEN WALKER**, halfback, and **NICK CHAPIS**, tackle, with **AL PAOLONE**, halfback, standing. These seniors wind up college grid careers against Juniata Saturday. Paolone and Chapis are four-year and three-year men respectively. Walker, a transfer, played two seasons.

When the referee's opening whistle cuts the chilling air of Patterson Field Saturday, three Ursinus ball players will be racing downfield for the last time. Seniors **Kenny Walker**, **Al Paolone** and **Nick Chapis** are playing their last game under the banner of the Red, Old Gold and Black. It may well be the last time Walker and Paolone ever lug a pigskin. Chapis will probably be making his last tackle. When the slanting rays throw long shadows across the white-striped gridiron, and the clatter of cleats on the locker room floor indicate that another season has ended, jersey number 19, 27, and 10 will be peeled from the backs of three stout-hearted fighters—Ken, Nick, and Al.

It's a heart-grIPPING experience to see a man who loves football end a career. There is something about the "last time" for anything that makes it memorable. Football is the kind of a game that requires heart and guts—a love of competition. These three men have been playing football for a long time. They love the game and have given a good account of themselves and of Ursinus. We owe them a vote of thanks, and what's more—a sincere "well done". They deserve it.

Booters Shut Out Lehigh 1-0, Face Drexel, F-M Next

by Lee Lawhead '57

The Ursinus Bakerman bounded back into the win column after losing two straight shutouts by blanking Lehigh 1-0 Saturday. Drexel invades Bearville Tuesday and Franklin and Marshall entertains the locals at Lancaster in the season's finale Saturday.

Zartman Breaks Ice

Against Lehigh, the Bruins came through in the second period when Larry Zartman booted home his tenth goal of the season to provide the margin of victory. The booters showed excellent form with accurate passing and speed. Led by the charging line and supported by the halfbacks, fullbacks and wings, the Grizzly squad carried the attack and pressed Lehigh goalie Rubin throughout the tense contest.

Local goal-tender Dave Burger again shut the door in the face of the opposition, and has certainly proven his mettle in his first season of competition. Special credit should also be given to Coach Dr. Baker and Captain Gerry Cox for keeping the team in top flight condition.

Stars of the Week

by Dick Bowman '55

For their outstanding play in the Ursinus 19-0 victory against Brooklyn College, back **JOHN CONTI** and lineman **DICK BRINER** have been chosen Back of the Week and Lineman of the Week.

Conti Averages 5.6

Conti, hampered by injuries all season, ground out 56 yards in 10 carries, carried the brunt of the running attack to set up one TD, and crashed over from the four to tally another six-pointer. John, a powerhouse fullback, suffered a leg injury in the Drexel game, and was sidelined until last week when he returned to the line-up to score the Bears' only touchdown against Moravian.

Briner "Sixty-Minute Man"

Briner, the rocky little guard from Reading, Pa., played his heart out for 60 hard-hitting minutes, and was a key factor in the successful line play against Brooklyn. The 160-pound "watch-charm" guard has been a fiery competitor all season, making up with skill and determination what he lacks in size.

LaSalle to Play Bears? Rumors of Court Tilt

Rumors floating from the athletic office have it that the Bruin basketballers may get a tough scrimmage workout this week with a fair-to-middling hard-wood aggregation. What team? **LA SALLE COLLEGE!** The Explorers splashed across the nation's sports page last winter when they captured the NCAA crown. Oh, yes, they have a big man too — All-American Tom Gola.

UC Explodes in 2nd Half; Walker Starts TD Parade

An injury-riddled Ursinus eleven came to life in the second half Saturday to defeat the winless Brooklyn Kingsmen, 19-0, on the latters' rock-like field in Brooklyn. The Bears record now stands at 4-2-1.

Carver Breaks Shoulder

The victory was a costly one, however, as the Bears lost the services of their star halfback, Doc Carver, who suffered a broken shoulder in the second period of play. This, along with previous injuries to Bob Slotter, Jerry Nunn, Dick Dickerson, and Frank Rex, greatly hampered the play of the Bears.

Walker Bolts for 12, TD

The first half was a slow-moving, dull affair. But at the start of the second half, it was evident that the Bears meant business. After John Conti returned the kickoff to the Ursinus 37, the Bruins marched 63 yards in 12 plays for the score, climaxed by Ken Walker's 12-yard bolt into paydirt. Walker's extra point attempt was blocked.

Conti, Ruth Score

Later in the third period Ursinus took advantage of a Brooklyn fumble when Dick Padula pounced on the loose pigskin on the Brooklyn four-yard line. It took only one play for Conti to blast his way over. Walker's placement hit the

goalpost and fell back to keep the score at 12-0.

In the waning moments of the final quarter, Chris Rohm returned a Brooklyn punt from the Bears' 40 to midfield. Padula, taking over for the slightly injured Neborak at quarterback, directed the Bruins down to the Brooklyn 28 yard line. With less than a minute remaining in the game, Padula threw a pass to Skip Ruth, who caught it on the goal line and fell into the end zone for the score. Al Stipa's conversion made the final count 19-0.

Heller Hurt; E. Stroudsburg Fights to Tie

Hampered by the loss of All-college halfback Ruthie Heller, the Hockey Belles were held to a 2-2 deadlock by East Stroudsburg in an away tilt Wednesday. Ruth has been sidelined with an injured shoulder.

The Stick-gals from UC jumped to a 2-0 halftime lead, thanks to goals by Aggie Watson and Phil Stadler. However, the hosts pounded home two second half goals, with the final tally coming in the waning minutes of the game.

Success Story...

B. J. Reynolds Tobacco Co., Winston Salem, N. C.

...AND HOW IT STARTED. FRED BIRMINGHAM says:
"I've wanted to be an editor ever since I worked on a boy's magazine at age 8. After being an editor of the Dartmouth literary magazine (*The Dart*), I set my sights on *Esquire*. It took 18 years of hard work to achieve the editorship — after struggling as a newsmagazine cub, cartoon and essay writer, advertising copy writer and trade paper editor."

"I started smoking **CAMELS** 12 years ago. I've tried many other brands, but my choice always is Camel. No other brand is so mild — yet so rich-tasting!"

Frederic A. Birmingham

Bill Rheiner was chosen to serve as the MSGA representative in charge of decorations for the Christmas banquet.

Article 3

- Section 4. Officers.
A. The Officers of the Council shall consist of a President, Vice-President and Secretary-Treasurer.
B. The office of President shall be restricted to a senior, unless there are no seniors qualified and then it shall be restricted to qualified Juniors. The office of Vice-President shall be restricted to a Junior and the office of Secretary-Treasurer shall be restricted to a sophomore.
C. The President shall have served at least one previous year on the Council. The President may not hold any other office during his term as President in any other organization.

Article 4

- Section 1. Nominations to the Council.
A. The Council will announce each Spring that it is ready to receive nominations for the council in the form of petitions. Each candidate for the Council must have a petition of fifteen (15) different signatures of male members of his class, plus his own signature turned over to the President of the Council. These petitions will be circulated for a one week period. At this time a class meeting will be called and those persons whose petitions have been completed will be presented to the class. Their names will also be posted on the Council bulletin board. Another week will ensue in which more petitions may be filed with the Council. The names will continue to be posted. There will then be a two day break before elections.
B. No one may sign more petitions than there are representatives for his class. If any such ballots are discovered they will both be null and void. The senior class is to be reminded when they are filing petitions that the President must have a year's experience on the Council.
Section 2. Election Procedure.
A. The Council shall establish election day each year, however, the Council election shall be one week previous to class elections. A regular polling place shall be established, ballots and ballot box shall be provided, and the election shall be conducted by senior members on the retiring council.
B. The Election procedure will be published each year previous to election time.
C. It shall be the Councils duty to

check all ballots for validity.

- D. Each ballot will contain the names of all candidates running for Council in alphabetical order. Each voter will be advised to vote by a check for the number of candidates that his class has representatives or seats on the Council. The candidates with the greatest number of votes will make up the new Council.
Section 5. Elections of Council Officers.

A. The new Council, under the direction of the retiring President, will formulate a ballot of two (2) men, of their fellows, by using the criterions as set forth in Article 3, Section 4.

B. These nominations will be presented to the entire male student body in the form of a ballot for a vote. The voters will be advised to check one candidate who they wish for each office. The candidate with the majority will be declared elected. In case of a tie the Council will decide.

C. These elections will be held the same time as class elections.
Section 8. Nominations for Class Officers.

The same procedure will be followed as outlined in Article 4, Section 1, with the following exceptions: (a.) A petition must be signed by twenty-five (25) persons in the candidates class, plus that of the candidate. (b.) Each person may only sign one petition for each office in his class. (c.) The elections will be held one week after the Council elections.

Section 9. Election Procedure for Class Officers.

A. A ballot will be formed containing all the candidates names for each office in alphabetical order. A separate being established for each office.

B. The voter will be advised to mark his first, second, third, and other choices for each office.

C. When the ballots are first counted they will be put into piles according to first place votes. If one candidate has a majority he will be declared elected. However, if one has a majority then the candidate with the smallest number of first place votes will be eliminated, and his ballots will be distributed to other candidates according to the second choices marked thereon. If there is still no majority candidate you will continue up the line and distribute second place votes from those eliminated until you have a majority candidate who will be declared elected.

"JANUARY 16th"

(Continued from page 1)

the case and every effort is being made to locate them.

So far the preliminary hearings have been moving along at an even keel under the presiding court official, Judge Heath (Gene Greenberg). Except for an occasional outbreak, the trial has been able to accomplish much and promises to be at its peak when it is opened to the public this coming Thursday, Friday and Saturday nights. On Thursday night all Ursinus College students will be admitted free of charge.

Both Directors, Lloyd H. Jones and James Bowers, feel that all of the witnesses are ready and willing to present their testimonies in court and will provide an evening the public will long remember and discuss, after they have left the Thompson-Gay Gymnasium. At eight-thirty the trial will begin and Karen Andre's life will be in the hands of the jurors.

PROPRIETORS

FOR THAT LATE AT-NITE APPETITE
OUR KITCHEN IS OPEN UNTIL 2 A.M.

Filmdom's Diana Lynn: "I think the Miracle Tip is the most modern filter... and L&M the best-tasting filter cigarette."

David Wayne, Stage & Screen: "L&Ms have the best filter of them all. Miracle Tip is right! There's nothing like it."

Mrs. Laddie Sanford, Socialite Sportswoman: "I love L&Ms. Wonderful filter—exceptional taste!"

No filter compares with

L&M'S MIRACLE TIP

for Quality
or Effectiveness

Isn't it time you tried the cigarette that is sweeping the country... breaking record after record... winning more smokers in less time than any cigarette ever did! Why such success for L&M? It's the filter that counts, and L&M has the best. You get much more flavor, much less nicotine... a light and mild smoke... because only L&M's Miracle Tip gives you the effective filtration you need. Enjoy L&M's king size or regular... both at the same low price. Like thousands, you'll say—"They're just what the doctor ordered."

**More Flavor —
Less Nicotine**

America's Best Filter Cigarette!
